

Follow Our Students' Lead ...

Take the Next Step Toward Energy Efficiency and Help Raise Money for Our School!

It's easy.

As part of our Conserve to Preserve® (CTP) Community Rewards fundraising program, simply complete the CTP Dashboard — a free online home energy-assessment tool from New Jersey Natural Gas (NJNG). In return, you'll receive recommendations to help you save energy and money.

We'll receive \$5 for each person in NJNG's service territory who completes the CTP Dashboard and designates our school.

Get started.*

STEP 1:

Visit njng.com, go to Quicklinks on the upper right hand corner and select Conserve to Preserve Dashboard.

My Account	
Conserve to Preserve Dashboard	
Payment Options	
Budget Plan	

STEP 3:

Take a short survey about your home's energy usage.

Home type

- Single-family home
- Townhome
- Apartment or condo
- Other

STEP 2:

Click on the Dashboard icon on the right side of the page.

STEP 4:

After completing the survey, click on "Interested in SAVEGREEN?" and complete the questionnaire. Remember to designate our school where indicated so we receive credit for your participation.

Interested in SAVEGREEN?

We receive \$5 (up to a total of \$1,000) for each NJNG customer who completes the CTP Dashboard by April 30, 2018.

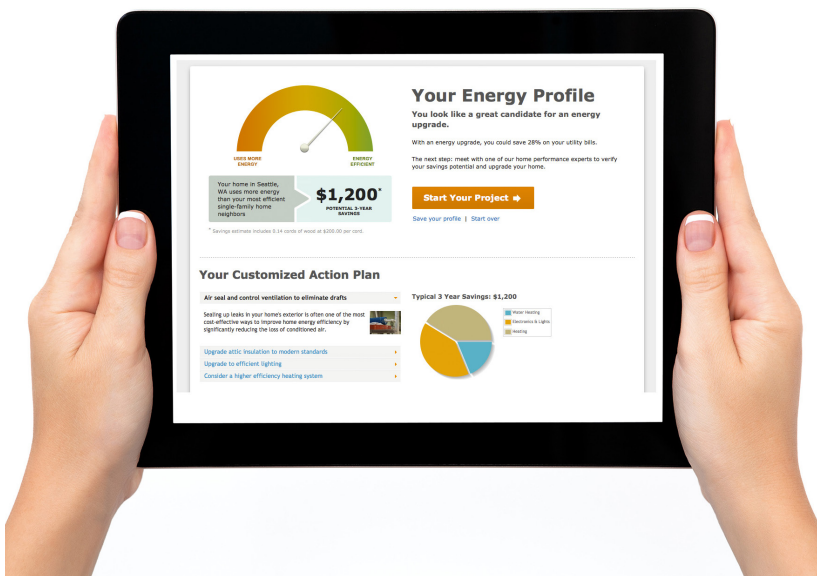

If you have any questions, please contact [School Contact] at [phone] or [e-mail].

* These instructions are for NJNG customers 18 years of age and older. Children under the age of 18 should not enter or provide any information on the CTP Dashboard, including the home energy profile form. Limit one reward per account.

The **CTP Community Rewards fundraiser** complements our participation in **PowerSave Schools**, where students take the lead in identifying efforts to help school and community members save energy and money through simple behavioral changes for the protection of our environment.

The **PowerSave Schools** program is possible through a grant from NJNG. Throughout the school year, students will become agents of change, urging peers, school staff and community members to become more energy-efficient.

Our **CTP Community Rewards fundraiser** runs through April 30, 2018. Encourage others in NJNG's service territory to test drive the CTP Dashboard to help us reach our goal.

In five minutes learn how to save energy and money in your home with a customized action plan.
